## About n-tro 6-23-5 .....

**n-tro<sup>®</sup> 6-23-5** is a low salt solution of monopotassium phosphate, ammonium polyphosphate, phosphoric acid, urea, KaPre<sup>®</sup> Spectra-OC and Krystal Klear<sup>®</sup> Crop Mix II chelated micronutrients.

## Benefits of n-tro 6-23-5 .....

- Improves soil quality with high carbon organic acids
- Provides balanced nutrition for all crops
- Supports crop health with a balanced blend of dual chelated micronutrients
- Helps complex phosphorous for extended availability
- Enhances nutrient solubility, availability, and plant uptake
- Improves cation exchange in soil solutions
- Supports populations of beneficial soil bacteria and fungi
- Provides quick uptake of micronutrients

## Application Instructions .....

Ideal for applications to all types of crops in furrow, next to furrow or as a foliar spray with an application rate of 1 to 5 gallon. Compatible with most fertilizers and farm chemicals it can be tank mixed with other fertilizer solutions and insecticides in furrow, next to furrow and foliar sprays.
