

NIS 90

Surfactant

➔ Non-ionic Surfactant

A high active ingredient non-ionic spray adjuvant designed for maximum performance in multiple environmental conditions.

- High quality non-ionic spray adjuvant
- Enhances the effectiveness of herbicides

USE RATE & PACKAGING

Use Rate: 1-4 pt/100 gal*

Weight/Gallon: 8.4 lbs/gal

Pack Sizes: 265 gal; 2x2.5 gal

* Refer to the product label for more specific rate information.

GENERAL INFORMATION

Suvon NIS 90 is a general purpose, non-ionic surfactant, used to enhance spreading and coverage of sprays.

Suvon NIS 90 may be used with various insecticides, fungicides, herbicides, PGRs and nutrients at rates determined by the pesticide label and field experience.
